## “TRAVELING LIGHT”

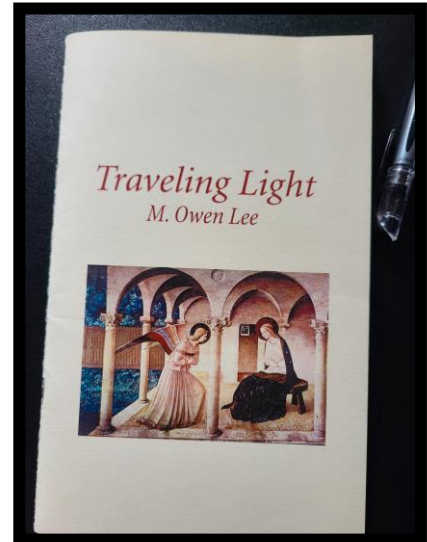

*His BOOK of his own POEMS*

Privately published                      the Basilian Press                      2008

*In 1963, at age 33, he was awarded a Canada Council grant to study at the American School of Classical Studies in Athens, Greece.*

*He used the opportunity to travel “light” across Europe, with no camera, and wrote 30 small poems about what he saw.*

*Some of the poems are about places, but most of the poems are about art works which made an indelible impression on him.*
